Identifying the Need

Even though Ukraine is considered to be “The Bible Belt” of the former Soviet Union, a majority of the population has yet to be reached with the good news of the gospel. We came here because we want to change that!

Denise continues her Russian studies, while Phil stopped as he works on a research project for the next 5 months. The goal of this research is to be able determine who is not being reached with the gospel. After the major needs are identified, we (and others) plan to GO and share the love of Jesus with those people or in those areas.

We, along with our leaders, realize how critical this is to developing a strategic focus and are excited about what we will discover. We also recognize that God’s help in this process is crucial. He alone knows who we need to contact within various evangelical organizations. Please pray for God’s direction as well as open doors and hearts!

It is hard to believe that we have been in Ukraine for more than six months already. Because of you and with the help of God, we are making a difference. One example is a young man named Vokha. I (Phil) met him when we were in Krivoy Rog last fall and have kept in touch with him.

Recently, he was going through a rough time, thinking about walking away from his faith. He told me that his parents died when he was an infant and that he was an orphan. I told him that if he wanted to be my son “in faith”, that would be an honor for me. Within days, God gave Vokha an extra touch of love, which transformed him. He told me, “With tears in my eyes, I thank God for you.” Praise God for His love and for using us!

This man is one of nearly 45 million people who live here in Ukraine. God loves all of them so very much!

Your prayers for us as well as the country and people of Ukraine are vital! Thank you for remembering to faithfully pray. God does hear and answer prayer!
